Dumpster service is strictly for residential customers only. Commercial customers and construction contractors should contact any private waste hauler who is franchised to do business in the City of West Orange for debris removal.

I also understand that the dumpster will only be placed where it can be accessed by an all-weather surface or road (no further than 50' onto property). I further agree that I will have this dumpster for a **maximum period of 10 working days.** Within these 10 working days, I understand that I may have the dumpster emptied and left on my property for continued use at a cost of \$30 per dump (*paid prior to dumping*)...**however, this WILL NOT begin my 10 working days period over. The original 10 working day period remains in effect regardless of how many "dump and leaves" I get.** Total dumpster weight is not to exceed 500 pounds and the contents cannot exceed the top of the dumpster rim.

Items that MAY NOT be placed in the dumpster include: tires, batteries, paint, oil, anti-freeze, items containing asbestos, large automobile parts, bricks, concrete, hazardous materials, white goods including water heaters, stoves, refrigerators, dish washers, washers, dryers, box springs and console televisions.

I understand the terms of this agreement and agree to abide by these terms.
